2017 HRO Today Baker’s Dozen Customer Satisfaction Ratings: Employee Recognition

By The Editors

HRO Today’s Baker’s Dozen rankings are based solely on feedback from buyers of the rated services; the ratings are not based on the opinion of the HRO Today staff. We collect feedback annually through an online survey, which we distribute both directly to buyers through our own mailing lists and indirectly by sending service providers the link to send to their clients.

Once collected, response data are loaded into the HRO Today database for analysis to score each provider that has a statistically significant sample. For this survey, we required 10 responses from seven companies. We reached out to more than 30 providers of recognition programs.

In order to determine an overall ranking, we analyze results across three subcategories: features breadth, deal sizes, and quality. Using a predetermined algorithm that weighs questions and categories based on importance, we calculate scores in all three subcategories as well as an overall score. The rankings are based on those scores. The numbers presented in the tables represent those calculated scores; we include them to demonstrate the relative differences among the ranked service providers.

While we do not claim that our methodology is the only viable ratings program available, we do vouch for its statistical validity. We hope this ranking provides you some insight into your next RFP process.

1. Achievers

Website: www.achievers.com

Achievers is a cloud-based engagement platform for aligning company and employee values to drive business results. It is designed to consolidate all employee engagement initiatives into one comprehensive platform for recognizing and rewarding exemplary work in real time, capturing employee feedback, and ultimately driving improved business outcomes, such as innovation, customer satisfaction, leadership development, and sales.

Services:
- Engagement surveys
- Monetary recognition
- Peer-to-peer recognition
