

PEOs & ASOs

WHAT YOU NEED TO KNOW:

Professional employer organizations (PEOs) offer companies a co-employment service, wherein employees are paid under the PEO's federal employer identification number (FEIN) and placed on the PEO's benefits program and workers' compensation policy. Administrative services organizations (ASOs) offer many of the same services as PEOs (e.g., payroll and benefit administration) but do so without the co-employer relationship.
