

CHRO Today Executive Network

Shared Problem-Solving Discussion

Technology is a topic most of you have expressed interest in discussing, so for the first portion of the meeting, we will conduct a brief focus group. The information and data gathered will be shared back with the group for everyone's benefit.

Part one: Technology focus group.

- systems integration
- use of platforms
- and those focused on Talent Acquisition-related tech such as AI and experience using it so far.
- we'll wrap up with a look at what focus group participants see coming down the road for TA technology.

Part two: question or topic to discuss as a group?
