Pro Tips For Name Changes

Tip 1 - Check ID Name Immediately  When booking your flight, verify your name matches your government ID exactly. Don't book with "Mike" if your ID says "Michael." Do this check before paying—it's the fastest way to avoid name change issues.

Tip 2 - Book Under Legal Name  Always book under the name that appears on your government ID. Even if you go by a nickname or different name professionally, use the legal name on your ID. This prevents all name change issues.

Tip 3 - Act Early on Legal Changes  Planning a name change (marriage, legal name change)? Make the booking after your legal name is official and you have updated ID. If you must book before the legal change, contact  1-855-321-3345 immediately when official documents arrive.

Tip 4 - Use Online for Minor Corrections  For simple spelling errors and missing middle initials, change online at delta.com. This is instant, free, and solves the problem immediately without waiting on customer service.

Tip 5 - Call During Off-Peak Hours  If you must call  1-855-321-3345 for name changes, call during off-peak hours (5-8 AM or 8-11 PM ET) for 2-5 minute waits instead of 10-20+ minutes during peak times.

Tip 6 - Have Documentation Ready  If you're making a legal name change, have your documentation ready (marriage certificate, divorce decree, etc.). This speeds the process and reduces need for follow-up calls.

Tip 7 - Get Confirmation Right Away  After any name change, verify confirmation email arrived within 15 minutes. Screenshot or print confirmation. Have this with you at the airport for proof.

Tip 8 - Know Your Boarding Pass Name  Your boarding pass name must match your government ID exactly. After any name change, download and review your boarding pass to confirm the change appears correctly.
